

Anticipate heavy traffic at times when traveling via Bates Street .

Brady St. or Swinburne St. is usually the best route.

Address:

**Bridgeside Point
100 Technology Drive
Pittsburgh, PA 15219-3130**

By car from the Oakland Campus (via Bates Street) – From Forbes Avenue, take S. Bouquet Street 0.25 miles and turn right on to Bates Street. Travel 0.7 miles on Bates Street to the intersection of Bates and Second Avenue. As you approach this intersection, you will pass under a railroad overpass, and there is a traffic light at the intersection. Proceed **through** the intersection, and make the next left hand turn onto Technology Drive. We are the end building next to the Hot Metal Bridge, 100 Technology Drive. Official name is “Bridgeside Point Building” or ThermoFisher Scientific Building.

By car from Oakland (via Swinburne Street) - Travel East on the Blvd of the Allies towards Schenley Park. Make a right turn onto Parkview Avenue. Proceed to the Stop Sign. Make a left turn onto Swinburne Street. At the first Stop sign, make a right onto Greenfield Avenue. Proceed to the traffic light and go “thru” the intersection and under the railroad tressle. Make a right turn onto Second Avenue (Route #885). Proceed down Second Avenue (Route #885) and go the third traffic light. At this light, make a left turn into our parking lot (Technology Drive). You will be at the Bates Street intersection. We are the building to the extreme “left”, next to the Hot Metal Bridge. “ThermoFisher” is in red letters on the top of the building.

By car from Oakland (via Brady Street) - Travel down Fifth Ave towards downtown Pittsburgh. Carlow College will be on your right side. Travel past Carlow College. Make the first left after the Birmingham Bridge, on to Moultrie Street. Then make a left onto Forbes Avenue. At the traffic light, turn right on to Brady Street. This is a narrow road. Follow this winding road down to Second Avenue (Route #885). Then make a left onto Second Avenue (Route #885). Travel a short distance. Make a right onto Technology Drive. Make a left turn entering the parking lot. Bridgeside Point is the extreme far left building, next to the Hot Metal Bridge (Also known as ThermoFisher Scientific Building). Address is 100 Technology Drive.
